Prepared by: David M. Abramson, Planner III

SUBJECT: Quasi Judicial Hearing: Ordinance 1st Reading, ZB 7-2-05 / 06-30 / Flamingo Isles / 1300 South Flamingo Road / Generally located at the northeast corner intersection of Flamingo Road and Southwest 14th Street

AFFECTED DISTRICT: District 3

TITLE OF AGENDA ITEM:

AN ORDINANCE OF THE TOWN OF DAVIE, FLORIDA, APPROVING REZONING PETITION ZB 7-2-05, CHANGING THE CLASSIFICATION OF CERTAIN LANDS WITHIN THE TOWN OF DAVIE FROM A-1, AGRICULTURAL DISTRICT TO RM-5, LOW MEDIUM DWELLING DISTRICT AND FROM AG, AGRICULTURAL DISTRICT TO RM-5, LOW MEDIUM DWELLING DISTRICT; AMENDING THE TOWN ZONING MAP TO COMPLY THEREWITH; PROVIDING FOR SEVERABILITY; AND PROVIDING FOR AN EFFECTIVE DATE.

REPORT IN BRIEF:

Rezone Parcel "A," **FROM:** A-1, Agricultural District **TO:** RM-5, Low Medium Dwelling District

Rezone Parcel "B," **FROM:** AG, Agricultural District **TO:** RM-5, Low Medium Dwelling District

The petitioner is proposing to construct a residential townhouse development on the 10.67 net acres (464,785 Square Feet) of the subject site. The subject site consists of two parcels. Parcel "A" is rectangular in shape, located to the north, and is approximately 7.65 acres (333,241 Square Feet), while Parcel "B" is square in shape, located in the southeast portion, and is approximately 3.02 acres (131,554 Square Feet). The subject site is located at the northeast corner intersection of Flamingo Road and Southwest 14th Street.

The neighboring uses are as followed, to the north is Parkway Christian Church zoned CF, Community Facilities District. To the east is Village at Lake Pines II multi-family residential development zoned RM-5, Low Medium Density Dwelling District. To the south is a vacant parcel zoned R-4, Low Medium Dwelling District and Sheridan House zoned CF, Community Facilities District. And, to the west are single-family homes zoned CF, Community Facilities District

Currently, the portion of the subject site that is zoned A-1, Agricultural District is parcel "A" and the portion of the subject site that is zoned AG, Agricultural District is parcel "B." Both of these zoning districts are a valid Town of Davie zoning district. To permit the petitioner's plans of a residential townhouse development, a rezoning request to change the subject site's zoning to RM-5, Low Medium Density Dwelling District has been filed.

The subject site's Land Use Plan Map designation is Residential 5 DU / Acre. The Town of Davie's RM-5, Low Medium Density Dwelling District zoning designation is consistent with the underlying Land Use designation.

Master Site Plan Application (MSP 1-4-06), this master site plan application is for the development of 64 townhouse units.

Public Participation

The public participation process provides the ability for citizens of the Town of Davie to actively participate in the Town's development procedures. As per the Town of Davie Code, the petitioner conducted two (2) meetings with the public. The meetings were held at Shenandoah Park at 6:00 p.m. Refer to the attachments for a list of the notified property owners and citizen participation report. Refer to the public participation summary attachment.

Application Details

The petitioner is proposing to construct a residential townhouse development on the 10.67 net acres (464,785 Square Feet) of the subject site. The subject site consists of two parcels. Parcel "A" is rectangular in shape, located to the north, and is approximately 7.65 acres (333,241 Square Feet), while Parcel "B" is square in shape, located in the southeast portion, and is approximately 3.02 acres (131,554 Square Feet). The subject site is located at the northeast corner intersection of Flamingo Road and Southwest 14th Street.

The neighboring uses are as followed, to the north is Parkway Christian Church zoned CF, Community Facilities District. To the east is Village at Lake Pines II multi-family residential development zoned RM-5, Low Medium Density Dwelling District. To the south is a vacant parcel zoned R-4, Low Medium Dwelling District and Sheridan House zoned CF, Community Facilities District. And, to the west are single-family homes zoned CF, Community Facilities District

Currently, the portion of the subject site that is zoned A-1, Agricultural District is parcel "A" and the portion of the subject site that is zoned AG, Agricultural District is parcel "B." Both of these zoning districts are a valid Town of Davie zoning district. To permit the petitioner's plans of a residential townhouse development, a rezoning request to change the subject site's zoning to RM-5, Low Medium Density Dwelling District has been filed.

The subject site's Land Use Plan Map designation is Residential 5 DU / Acre. The Town of Davie's RM-5, Low Medium Density Dwelling District zoning designation is consistent with the underlying Land Use designation.

Applicable Codes and Ordinances

Section 12-307 of the Land Development Code: review for rezonings.

Section 12-81 of the Land Development Code: Conventional Multi-family Development Standards, RM-5, Low Medium Density Dwelling District, requires the following minimums: lot area of 7,000 square feet, frontage of 100 feet, front setback of 25 feet, side and rear setbacks of 20 feet, maximum building height of 25 feet.

Comprehensive Plan Considerations

Planning Area:

The subject property falls within Planning Area 4. This Planning Area is bordered by SR 84 on its north, University Drive on its east, Flamingo Road on its west, and an irregular border on its south that corresponds to Nova Drive and, SW 14 Street and the Village of Harmony Lakes development. A portion of the University Drive and SR 84 commercial corridors are included in this area, as are several planned residential communities typically developed at five dwellings per acre, but in some cases up to ten, including Arrowhead Golf Course and Country Club, Village of Harmony Lakes, West Ridge, the Ridgeview Lakes developments, Scarborough, Village at Pine Lakes, and the Pine Island Ridge, Park City and Rexmere Village developments, located within an area between Nob Hill Road and Pine Island Road.

Broward County Land Use Plan: The subject site falls within Flexibility Zone 100.

Applicable Goals, Objectives & Policies:

Future Land Use Plan, Objective 5: Consistency of Development with Comprehensive Plan, Policy 5-2: The (re)zoning, (re)planning, and site planning of land shall be in compliance with the density ranges shown on the Davie Future Land Use Plan map and the applicable Future Land Use Designation provisions as contained in the Permitted Use portion of the Implementation Section.

Future Land Use Plan, Objective 17: Land Use Compatibility and Community Appearance, Policy 17-2: No property within the Town shall be rezoned to a zoning district that is not in compliance with the Davie Future Land Use Plan.

Future Land Use Plan, Objective 17: Land Use Compatibility and Community Appearance, Policy 17-3: Each development proposal shall be reviewed with respect to its compatibility with adjacent existing and planned uses.

Staff Analysis

The purpose of this request is to rezone the subject site from A-1 and AG, Agricultural Districts to RM-5, Low Medium Density Dwelling District. According to the existing Land Development Code, RM-5 zoning district allows five (5) multi-family dwelling units per acre, while A-1 zoning only allows (1) single-family dwelling unit per builders acre of 35,000 square feet and AG zoning district only allows one (1) single-family dwelling unit per true acre 43,560 square feet. Rezoning to the RM-5 zoning district would increase the density and eliminate single-family homes as a permitted use on the subject site.

This rezoning is consistent with the Comprehensive Plan and Land Development Code as far as allowed maximum density and the development of this site as proposed does not exceed what was anticipated by the Future Land Use Plan Map designation.

The Town of Davie has attempted to create a transition with those parcels to the north of Southwest 14th Street that have a higher land use density then those parcels to the south. The Town has recently approved rezoning petitions for parcels along the north side of Southwest 14th Street by reducing rezoning petitions from R-5 to R-4, Low Medium Density Dwelling District. The R-4, Low Medium Density Dwelling District only permits single-family residential homes. This petition is for multi-family homes and a lower multi-family residential zoning district does not exist in the current Land Development Code.

Findings of Fact

Rezoning:

Section 12-307(A) (1):

The following findings of facts apply to the rezoning request:

(a) The proposed change is not contrary to the adopted comprehensive plan, as amended, or any element or portion thereof;

The Future Land Use Plan Map designates the parcel as Residential (5 DU/AC), and the comprehensive plan allows townhouse dwellings to be developed in this residential land use category. However, the Town also adopted the scenic corridor overlay along Flamingo Road that was intended for single-family dwelling developments. A portion of the subject site is along Flamingo Road.

(b) The proposed change will not create an isolated zoning district unrelated and incompatible with adjacent and nearby districts;

The requested RM-5, Low Medium Density Dwelling District is related and compatible with the adjacent multi-family residential community to the east zoned RM-5, Low Medium Density Dwelling District and possible future rezoning to the north of the subject site based on the Residential (5 DU/AC) land use.

- (c) Existing zoning district boundaries are logically drawn in relation to existing conditions on the property proposed for change;

The existing AG and A1, Agricultural District boundaries are logically drawn.

- (d) The proposed change will not adversely affect living conditions in the neighborhood;

The development of 64 townhouses will not have adverse impacts on the surrounding area. However, when compared to the amount of single-family homes that could be development on the subject site, adverse impacts would be further reduced.

- (e) The proposed change will not create or excessively increase automobile and vehicular traffic congestion above that which would be anticipated with permitted intensities or densities of the underlying land use plan designation, or otherwise affect public safety;

The traffic generated by 64 townhouses is what the land use plan anticipated. However, when compared to the amount single-family homes that could be development on the subject site, traffic impacts may be further reduced. Prior to final approval of plats by Broward County, traffic impacts are assessed and concurrency must be met.

- (f) The proposed change will not adversely affect other property values;

Surrounding property values will not be adversely impacted by the development of townhouses on this site for currently there is residential structures on the subject site.

- (g) The proposed change will not be a deterrent to the improvement or development of other property in accord with existing regulations;

Development of the property will not deter development or improvement of adjacent parcels. Parcel(s) to the north have been approved recently for lower density multi-family residential.

- (h) The proposed change does not constitute a grant of special privilege to an individual owner as contrasted with the welfare of the general public;

This request is a privilege that can be afforded to any owner that has a parcel that meets the Land Development Code's minimum requirements to achieve the zoning classification.

- (i) There are not substantial reasons why the property cannot be used in accord with existing zoning.

The subject site can be developed according to the existing zoning district standards. However the requested designation is consistent with the land use plan.

(j) The proposed zoning designation is the most appropriate designation to enhance the Town's tax base given the site location relative to the pattern of land use designations established on the Future Land Use Plan Map, appropriate land use planning practice, and comprehensive plan policies directing land use location.

The proposed zoning designation is consistent with the Future Land Use Plan Map, adjacent to an arterial roadway, and is therefore the most appropriate designation to enhance the Town's tax base.

Staff Recommendation

Staff finds the subject application complete and suitable for transmittal to the Planning and Zoning Board and Town Council for further consideration.

JUSTIFICATION STATEMENT FOR REZONING REQUEST
(FLAMINGO ISLES)

The subject site contains approximately 12.90 gross acres that are vacant lands. The property is contiguous to and will have access to the east side of Flamingo Road Access Road and SW 14 street, situated approximately at 1400 south Flamingo Road. To the north are lands designed to CF (Community Facility District), on the eastern side is SW 112 Avenue, and across that, lands were zoned RM-10, to the south the lands are designed to CF and small portion is 5DU/AC, and to the western side of the site is Flamingo Road, which is six (6) lane divided state road, and land across that is R-1.. There will be no access to the project from SW 112th avenue.

In 1993, Department of Transportation expanded Flamingo Road between State Road 84 and Griffin Road, proximate to the amendment site, and prior to that constructed I 595. This 6-lane divided highway and 595 have enhances access and roadway capacity in the area. The roadway now forms a direct line to I-595, I-95 and I-75 and to the other municipalities, making it directly accessible and more urban in nature.

Developments along the older portion of 112th Avenue east side of the site maintain densities of an average of 10 units per acre in village lake pines phase II, to densities of RM-5, and Sheridan House Family Resource Center along the south side, and along the north land use as church and day cares and school, underscoring the urban nature of this roadway.

The petitioner proposes rezoning of the property to the zoning district RM-5. This zoning would allow for a total of 64 townhouse units instead of 64 dwelling units.

A review of a rezoning amendment request should include consideration of the criteria listed in Sec. 12-307 of Land Development Code to determine if the request should be favorably reviewed. These criteria with the respect to the subject requests are discussed below.

Criterion (a): The proposed change is contrary to the adopted comprehensive plan, as amended, or any element or portion thereof.

Policy 6-1 of the adopted comprehensive plan of the Town of Dave provides that moderate density should be located proximate to the arterial roadways, available mass transit and other community facilities. The subject site meets all of these criteria and is in fact considered low density. The subject site is located proximate to the arterial roadways and available mass transit. The site had immediate access to Flamingo Road thru the access road, and is located immediately east of this roadway, consistence with comprehensive plan policies.

As a result, the rezoning request is consistent with the adopted comprehensive plan.

Criterion (b): The proposed change would create an isolated zoning district unrelated and incompatible with adjacent and near districts.

The requested rezoning to Rm-5 is consistent and compatible with adjacent and nearby zoning districts. To the east is RM-10, and to north are CF and CF are along south side and R-1 along east side of of Flamingo Road.

As a result, the requested rezoning positively satisfies this criterion.

Criterion (c): Existing zoning district boundaries are illogically drawn in relation to existing conditions on the property proposed for change.

The current zoning designations of AG and R-5, however, are not consistent with the land use plan. The rezoning will proposed the same number of units with much more open area and water.

As a result, the proposed reasoning satisfactorily addresses this criterion.

Criterion (d): the proposed change will not adversely affect living conditions in the neighborhood.

The proposed RM-5 designation will have no adverse impact on living conditions in the neighborhood. The proposed rezoning will allow for development of the site as a residential community that will improve the appearance of the property and serve as an asset to the surrounding uses. Also will provide more open area and several acres water body.

The rezoning request addresses this criterion.

Criterion (e): The proposed change will not create or excessively increase automobile and vehicular traffic congestion above which would be anticipated with permitted intensities or densities of the underlying land use plan designation, or otherwise affect public safety.

The requested rezoning from AG with R-5 land use to RM-5 would not result in an increase in vehicle trips, and will not increase traffic above the level already anticipated. Further, the proposed residential development will have no effect on public safety. As a result, the proposed rezoning satisfies this criterion.

Criterion (f): The proposed change will not adversely affect other property values.

The proposed rezoning will have a positive impact on the surrounding property values by providing attractive, upscale residential development.

As a result, this criterion is satisfied by the proposed rezoning request.

Criterion (g): The proposed change will not be a deterrent to the improvement or development of another property in accord with existing regulations.

The balance of the land surrounding the site is designated as AG with the future land use of R-5 for development in residential uses. The proposed change from residential use, therefore, will not be a deterrent to the improvement or development of these surrounding properties.

Criterion (h): The proposed change does not constitute a grant of special privileges to an individual owner as contrasted with the welfare of the general public.

The requested rezoning does not sacrifice the welfare of the general public for the benefit of an individual owner. The proposed change is consistent with the adopted comprehensive plan and, therefore, does not constitute a grant of special privilege.

Criterion (i): There is not substantial reason why the property cannot be used in accord with existing zoning.

The existing zoning is not compatible with existing land use plan. As a result, the proposed change is requested to allow a reasonable use of the property that is consistent with surrounding development patterns.

Criterion (j): The proposed zoning designation is the most appropriate designation to enhance the town's tax base given the site location related to the pattern of land use designations established on the future land use plan map, appropriate land use planning practice, and comprehensive plan policies directing land use location.

The proposed rezoning will provide the most appropriate and logical use that will contribute to the town's tax base.

As it has been demonstrated, the requested rezoning to RM-5 is consistent with the adopted comprehensive plan and meets all of the criteria contained in Land Development Code. As a result, this rezoning request and related assignment of reserve units merit favorable consideration.

Re: Flamingo Isles
Public Hearings

Dear David:

Please be advised that as required by the Davie Code we did advertised and notify all the property owner surrounding the subject property within 1000 feet to invite them to two Public Hearings dated August 19, 2005 and August 26, 2005(due to hurricane this date change and new letter was sent out). The meetings were scheduled to take place at Shenandoah Park between 6.00 p.m. to 7.00 p.m., on first meeting one person showed out, he did not had any problem with our proposal but he had some concern about land used plan which we refer him to planning department. On second meeting nobody attended this meeting.

We hope that the above satisfies the requirements of public participation in the site plan review process.

Sincerely,

Ghasem Khavanin
